In brief, why should the nominee be considered for the CIO Hall of Fame? * (Use 100 words or less.)

Reminder: Potential candidates for the CIO Hall of Fame must have at least 10 years' experience in the top CIO role at mid- to large- sized enterprises. Experience as a regional or divisional CIO will not count toward that total.

Next steps: If your nominee meets the criteria, he or she will receive an email from CIO's Maryfran Johnson with an invitation to participate in the program by completing the Hall of Fame application by the deadline of February 4, 2019. Each completed application will be reviewed by a panel of Hall of Fame alumni judges for the final decisions, which will be announced by mid-April 2019.

If your nominee does not meet the awards criteria, the nominator will be so notified but there will be no communication with the nominee.
